February 2020

Indigenous cultures reverberate in 2nd Aloysian Literature festival

Bringing literature lovers face to face, with six plenary sessions by research scholars and writers across India, dramas that transcended ethnic boundaries, korero of songs, dance, poetries and folklores, the 2nd annual edition of Aloysian Literature Festival kicked off on 17 February 2020.

Following the theme of "Celebrating Indigenous Cultures", the Aloysian literature festival aimed at creating an awareness among students, teachers and the public

about marginal cultures and identities.

"Multiplicity of languages, cultures, ethnicities, and practices is the strength of our nation. The global trends and the indigenous identities are intrinsically inextricable. The languages define cultures and people. Folk culture and folklore are cardinal to celebrate indigenous culture," said Prof K Chinnappa Gowda, former vice chancellor, Karnataka folklore university, Shiggavi, while inaugurating ALF.

Rev Father Dr Praveen Martis SJ, Principal of the college presided over the function.

Dr Ratan Mohunta, convenor of ALF spoke about how the artists and cultural theorists are worried about the fate of indigenous and local cultures.

"The attempts to consultate cultural identities might result in identity politics that often determine symbolic elements of culture, and undermine the importance of its organic connections with materials processes of production", he asserted.

History and contemporary in fiction writing

Plenary session with novelist and translator, Vasudhendra

Vasudhendra elaborated on the major breakthrough in his life as a homosexual writer, with special reference to his novel, "Mohanaswami" and his immediate shift to a historical novel, "Tejo tungabhadra". For four years, he wrote short stories inspired by his own life, his struggle to be open about his sexuality, his despair and frustration that nearly drove him to suicide- quietly breathed life into Mohanaswamy, the protagonist of his novel. "And with me and Mohanaswamy, many of my readers embraced their truth," the award winning Kannada writer said, adding that when he finally did reveal his identity, gay men from across Karnataka started calling him, sharing stories with him, crying, laughing and talking. Also talking about his historical novel, "Tejo tungabhadra", he said history is usually a glorified story about kings and Queens, and not about common people and that is why it is important for historical fiction to tell the story of common people. Students involved in an intellectual and proactive interaction after the session.

Memories of the indigenous: Shifting identities

Plenary session by Gopalakrishna Pai

Gopalakrishna Pai spoke on the topic "Memories of the Indigeneous: Shifting Identities" with special reference to his acclaimed novel "Swapna Saraswatha".

Pai enlightened students on the cultural repercussions of migration of indigenous populations, especially with respect to loss of esoteric practices and identities. He also pointed out that many Kannada writers were victims of migration and reflected the loss of identities in their works.

"Brooding about the past and its memories becomes a

habit, these habits become rituals which are passed through generations, creating a culture in the society," he said.

Pai shared his writing and research process involved in his historical work Swapna Saraswatha. He discussed the fundamentals of identity in a world wrought with displaced populations.

Prithvi Konanur uses his craft judiciously to convey those stories that seem meaningful to him. Be it an experimental documentary with children, his best known

Aloysian Literature festival

work "Railway Children" that swept several awards, or his first short film on the Sri Lankan Civil War, Prithvi focuses his lens on subjects that resonate with his heart. An open interaction with him about his method of art served as a boost of courage for the budding intellect in students. His experimental documentary "Action... Drama...Cut" chronicles his attempt at making a children's movie. "If you shoot a film with child actors, does it become a children's film?", asks Prithvi simply. He answered his own question by getting high school children to produce a short film, almost entirely on their own. Another documentary titled "Compass Needle" traces the journey of Mohammed Unais, the first openly gay Muslim in Kerala. Both the documentaries were screened and discussed, with special reference to the moral, crea-

tive and financial difficulties involved in such niche story

Society and Religion in Southern Karnataka in the Early Medieval Period

Dr. Malini Adiga traced a historical overview of the history of indigenous populations and cultures of Dakshina Kannada. She outlined the prehistoric background of the Southern peninsula and the indigenous communities formed over the course of time. The history of the Billavas, Mogaveeras, Nadavas and such other communities were discussed at length, with special reference to their cults, legends, customs and practices. Dr. Adiga also shed light on the practice of matriliny in Kerala and Dakshina Kannada

"Locating the other: Decolonising academic practices in India."

"In India, diversity is endorsed in a very political manner", says Dr.Dheeman Bhattacharya, the resource person for the plenary session "Locating the other: Decolonising academic practices in India" which was held at Eric Mathias Hall on 20th February 2020. He began his session by addressing two specific historically significant events. The formulation of Criminal Tribes Act of India on 1871 and the recommendation made for indigenous population in Canada on 1867. Dr.Dheeman Bhattachary stressed on the fact on how we must be careful while using the term "postcolonialism" as colonialism is still a reality for many people.

Mr. Bhattacharya made a mention of culture as a marker for the indigenous population to engage with society as a whole. He gave the example of the formation of Budhan theatre which consist of members from the chhara tribe, one of the so called criminal tribe people of Ahmedabad, Gujrath. Stigma around these communities remain forever. Now, similar stigmatised cultural

markers are used as a weapon of resistance. For instance, the chhara tribe uses liquor vessels to create music.

Mr. Bhattacharya sheds a light on the 'Residential school system in Canada.'

These were schools established for the sole purpose of removing indigenous children from the influence of their own culture and assimilation them into the dominant Canadian culture in order "to kill the Indian in the child." He points out that when you are robbed out of your language, you not only lose your language but you lose your cultural practises. Your stories. And the history of the Indigenous community is always told through stories.

After the session, the panel was open for discussion where questions were posed by students to Dr. Dheeman Bhattacharya.

Confronting global hegemony through cultural theories Session with Manu Chakaravarthy

N.Manu Chakarvarthy began his session with stating the obvious, "We are celebrating indigenous culture by destroying indigenous community." Mr. Chakravarthy was speaking at the session 'Confronting Global Hedgemony through Cultural theories' which was held on the last day of Aloysius Literature Festival.

The speaker encouraged the audience to make critical assessment of the notion of 'development.' He makes a remark saying that no narrative of development has ever included indigenous community. He raised certain questions regarding technology and stated that technology doesn't make a civilization superior. The speaker gave example of how America has destroyed native technology and industries in Cambodia, Vietnam and Latin America and disintegrated their old social structures, causing huge damage in the name of "development." He called upon the audience to pay attention to the language of violence.

The speaker made a mention of alternative narratives and discourses. How India was self sufficient and was much ahead than other countries in the field of science and technology. For instance, Calculus and Trigonometry were called "Kerala Mathematics". 'What we owe the world, we owe ourselves' were the concluding words of Mr. N. Manu Chakravarthy. After the talk, the floor was open for discussion.

Aloysian Literature festival

Workshop on folk dance.

A two-day workshop on folk dance by Vidushi Manjula Subramanya introduced students to different forms of folk dance and story telling. Ms. Manjula encapsulated several theoretical views and styles of dance with practical exercises in each form. Apart from the dance, the

mythological references and stories connected with it were also elaborated to elucidate the significance of every gesture. Not only was it an avenue to hone dancing skills, but also facilitated a discussion on the cultural expression of indigenous stories. The dance choreographed during the workshop would be performed during the College Day program on the 5th of March, 2020.

Workshop on art appreciation

Prof. Nemiraj Shetty from Nitte Institute of Communication took up a workshop on art appreciation on the fourth day of the festival. He delved into the specifics of Western Art and summarized the evolution of art, from its classical beginnings to contemporary postmodernist expressions. He elaborated on the form, idea and context of noteworthy art works and artists from every era, while also showing their significance in modern day art forms. A documentary on the controversial contemporary Chinese artist Ai Weiwei titled "Ai Weiwei: Without Fear or Favour" was also screened. The documentary and the consequent discussions between the students and the mentor questioned the idea of what constitutes art, its significance in a society, its political stance and subjective interpretations in the mind of the audience. Students engaged actively in the workshop, sharpening

their artistic sensibilities with an aesthetic eye.

Along with organising academic discussions on indigenous communities and cultures, the festival also provid-

nous communities and cultures, the festival also provided an opportunity for proper to come forward with their own representation of the culture they hail from. On the

first day, it was an evening of poetry amidst nature titled "Katte Kavya". Students and teachers recited their musings on life, death and everything in between in the language of their choice. It was not only an open and non judgemental space for literary expression but also served as a forum to highlight the rich cultural and linguistic heritage of people from all over the country.

The second day witnessed an open mic stage where anybody could come forward and express themselves. It garnered a multitude of responses with students singing, rapping, doing a stand up show, or just sharing their views of the world. The third day was a song and dance saga with groups performing folk songs, folk dance and bhavageethe or devotional song. All of these initiatives were greeted with enthusiastic respondes from both performers and audiences.

Apart from this, the four days of the festival also ended with the performance of plays. The first day had the infamous Ninasam group performing "Antharanga", an

experimental play inspired from principles of intimate theatre. The second day gathered quiet a crowd for the Tulu play "Namaskara Mashtre", performed by Cha Parka Kalavidaru and directed by Devdas Kapikad. "Kendonians" performed by Padua Ranga Adhyayana Kendra was a multilingual repertoire on the third day, using regional languages Kannada, Konkani, Tulu, along with English. The last day of the festival was brought to a close with a dance drama performed by Nandagokula Team titled "Kamasayana". Valedictory

The four days Aloysian Literature Festival, came to an end in the presence of Mr Lakshmisha Tolpadi, who is an expert in developing comprehensive and critical perspectives on ancient texts and has great interest in modern narratives and epistemologies. Speaking about the essence of indigenous culture, Mr Tolpadi said that with the usage of Kannada over Tulu, and English over Kannada, our mother tongues, which define the indigenous culture are in a trail of denouement. "The desi-ness or anything that is local or regional has a phenomenal impact in defining a person's individuality", said Mr Tolpadi.

The mentor of ALF- Dr Alwyn D'sa, coordinator, STRIDE, convenor of ALF- Dr Ratan Mohunta, HOD, Dept of English, organising secretaries- Dr Girish N, Department of PG studies in English, and Dr Dinesh Nayak, Dept of Kannada, and Student coordinator- Ms Rupal D'souza were present throughout the festival.

Reported by Dr Ratan T. Mohunta

The Aloysian Fest-2020

The college hosted one of the BIGGEST & MEGA National Level Fest named

"THE ALOYSIAN FEST 2020" which took place from January 30 to February 1, 2020 in the college premises. This Aloysian Fest 2020 encompasses fests such as ART-BEAT from the faculty of Arts, ACME from the faculty of Commerce, COMPOSITE from the faculty of BCA, IMPRINTS from the faculty of Science, SPINOUT from the faculty of BBA. In addition to this, there are two more fests, ASTITVA, the Cultural Fest of all the faculties and ALOYSIAD, the Sports Fest.

Aloysian Fest 2020 kicked-off its three-day mega event, with the inaugural ceremony taking place this morning, 30 January 2020 at 9 am, with the programme presided over by the Rector of St. Aloysius institutions, Rev.Fr. Dionysius Vaz, SJ, in the presence of the Principal, Rev. Dr Praveen Martis SJ, Mr Kishore Alva was Guest of Honour; renowned Cine Playback Singer Mr Gurukiran

was the Chief Guest, who inaugurated the Fest.

The fest concluded with Valedictory ceremony held on February 1, 2020 at 12:00 noon. The program was presided over by the Principal, Rev. Dr Praveen Martis SJ, Rev Fr Melwyn Lobo SJ as the chief guest of the function and Rev Fr Vincent Pinto SJ as the Guest of Honour.

Reports of individual fest:

ARTBEAT: Artbeat is the fest organized by the faculty of arts. The theme of Artbeat 2020 was "CARTE BLANCHE", the idea of letting people choose their role models and break free from the boundaries set by gender, sex, belief etc. The fest included 13 interesting competitions such as 1.COMIQUE LA BANDE (Comic Strip) 2.KOMIESE (Stand-Up Comedy) 3.REIYA (Cosplay) 4.LABRYINTHIA (Treasure Hunt) 5.HALLGATES (Mime) 6.PROSOPSI (Face Painting) 7.TEKIO (Fan Fiction) 8.ELAN (Fashion Show) 9.EPICUREA (Cooking without fire) 10.SCHEDIO (Digital Poster Making) 11.DIBETO (Debate) 12.ARTHIKA MODELA (Economic Model Making) 13.SANKATA HARANA (Crisis Management). A total of 10 colleges took part in the two day fest. The valedictory programme of this two day mega event was held in Eric Mathias hall on 31 February. Dr Gregory was the Chief Guest.

The Student Convenors of Artbeat were Mr Prajwal Krishna and Mr. Ashlin Prithesh Pinto and Staff coordinators were Ms Deena D'Souza and Mr Anup Denzil Veigas.

The Overall Winners – SDM College Ujire, and the Runners Up – Alva's College Moodbidre.

COMPOSITE: Composite is a National level IT fest organized by the Department of Computer Science and

Computer Applications which provides a platform for the participants to showcase their talents and creativity in a unique way. Here the students found opportunity to unleash their technical skills and uphold the power of technology. The theme for this year is 'RULE YOUR DOMAIN' indicating a mixture of young creative minds with various technical and innovative ideas.

The Staff Co-ordinator of Composite was Ms Vidya Kumari and Student Convenors Ms. Monisha S R and Mr Amruth R.

This year a total of 16 colleges participated in the fest. The Valedictory program was held on 31st January 2020, in the Eric Mathias Hall, at 2:00 pm. Mr Praveen Kamath (Infosys) was the Chief Guest of the Program.

Overall Winner-SDM College, Ujire and Overall runner up- Alva's College, Moodbidre.

SPINOUT: Spinout the fest organized by the faculty of

Management was inaugurated on 30st January, the theme for the year being "THE BLACK SWAN THEORY" for the 22nd edition of the intercollegiate fest. 23 colleges had participated in the fest.

The events conducted in SPINOUT 2020 were WORLD WAR I (Best Manager), SURGICAL STRIKE (Human Resource), 9/11 (Event Management) and so on.

The Staff Co-ordinator of the Fest was Mr Joel Fernandes and the Student Convenors were Mr Sadrush and Ms Pooja Das.

The Overall Winners are KLE's Society College of Business Administration Belgaum and Runners up - Manipal Academy of Higher Education.

The Aloysian Fest-2020

ACME: ACME is the Commerce Fest conducted by the Department of Commerce. The theme for ACME 2020 was "The Utopian Throne" which stands for the topmost position in an idealistic society. The fest began with an Inauguration presided by the Staff Co-ordinator and the Student Convenors among others. Over 20 colleges participated in ACME, of which 8 were outstation colleges. Ms Smitha Shetty was the staff co-ordinator assisted by student coordinators, Mr Ashray Kudva and Ms Amanda Lasrado. ACME was a mega event consisting of 7 events. namely 1. GETIS: LEADER 2. ARITHMOS: NUMBER 3. ASFALIS: SECURE 4. KOSMOS: PEOPLE 5. PROAGO: PROMOTE 6. KYRIOS: KNOWLEDGE 7. SCHEDIO: PLAN. Each of these competitions required the contestants to possess skills in all areas of business and commerce. The second day of the fest was attended by teams which were qualified based on their performance on the first day.

The valedictory program of ACME was held on 31 January 2020, in the Arrupe Block Auditorium, at 12 pm. The

Chief Guest of the program was Mr Michael D'Souza.

The Overall winners - Mahesh College, Mangaluru
and the Runners up - SDM College, Mangaluru.

IMPRINTS: IMPRINTS is an intercollegiate unique science fest hosted by the Department of Science .This fest aimed to evaluate the young undergraduate science students on their basic knowledge of science in a creative and innovative manner. 'Imprints' was started way back in the year 1998. This year, the theme was "PSEUDOSCIENCE" that combines street science inventions, intriguing black magic and much more. Imprints comprised of 10 events which were associated with their respective subjects. 14 colleges participated in this megaevent.

The fest had the events such 1.COSMOGONY (Common Physical Science Event) 2.ALKAHEST (Chemistry Event) 3.AETHER (Physics and Electronics Event) 4.CONJECTURE (Math Event) 5.DECEPTO (Stats Event) 6.AURA (Bioscience Event) 7.FRANKENSTEIN (Applied Biology Event) 8.CRYPTOCRITTER (Zoology Event) 9.BELLADONA (Botany Event) and an exhibition named MAD SCIENTIST SYMPHONY.

The Staff Co-ordinator of the fest was Mr Harshith and the Asst Co-ordinator was Dr Ambareesh. The Student Convenors were Mr Masoom Ali and Mr Savin D'Souza. The Valedictory program of IMPRINTS-2020 was held on 31st January at 2:00 P.M. The Chief Guest of the program was Mr Mohan Pai. The Staff Co-Ordinator

Mr Harshith welcomed the gathering. Dr Ambareesh, Assistant Staff Co-Ordinator assisted in prize distribution. It was followed by participants' feedback. Student

Co-Ordinator Mr. Masoom Ali proposed the vote of thanks.

Overall Winner-Alva's College, Moodbidre, Overall Runners - SDM College, Ujire

ASTITVA: Astitva is a cultural fest; it elevates the spirit of artistic enthusiasm among the students of various colleges to ignite the charismatic flame of aesthetic beauty of our culture and heritage. Astitva, the two day fest had its opening on 8th of February. The theme of Astitva 2020 was "Kala Saviskara". The fest was organized by the staff coordinator, Ms Karen D'Souza (Assistant Professor, Dept of Zoology) and Ms Binni Chan (Lecturer, Dept of BBA) and the Student Convenors, Ms. Aishwarya and Mr. Ashish.

Astitva 2020 comprised of 9 events: Bharathanatyam, organic rangoli event, face painting, Mad Ad, Food freaks, Pencil sketching, Fusion singing and Thematic dance. In addition to these events, there was "Astrum of Astitva", the event that assessed the varied aspects of talents.

The college witnessed the participation from 26 colleges. The overall winners - SDM College, Mangaluru and the Overall Runners up-Alva's College, Moodbidre

ALOYSIAD: Aloysiad is a sports fest of St Aloysius College. Aloysiad 2020 had 8 different games with 12 events and 51 colleges participated. The Staff Co ordinator for the fest was Dr Donnet D'Souza and the Student Convenors were Mr Mohammed Rumaiz and Ms Deora Fernandes. Results: Badminton: St. Aloysius College, Mangaluru, Throw ball: St. Agnes College, Mangaluru. Basketball: Nitte, Volleyball (Men): SDM College. Volleyball (Women): Alva's College, Moodbidre.

Reported by Students Council

National Seminar: Sustainable Development Goals: The Indian Story

A two-day National seminar on 'Sustainable Development Goals' was inaugurated at Eric Mathias Hall of St Aloysius College Autonomous on 13th February 2020. Dr K. Sankaran, Director, NITTE Justice K S Hegde Institute of Management, was the Chief Guest and inaugurated the programme. Rev. Fr Dionysius Vaz, SJ, Rector

of St Aloysius Institutions presided over the programme. Rev Dr Praveen Martis SJ, Principal, Rev. Dr. Joseph Xavier SJ, Director of Indian Social Institute, Bengaluru, Rev. Dr. Denzil Fernandes SJ, Executive Director of Indian Social Institute, Delhi, Dr Joyce

Sabina Lobo, the Convenor of the programme were on the dais.

Dr Sankaran, in his keynote address, questioned to what extent are individuals today equipped and empowered in order to work towards the set goals. He stressed the importance of the self-governing systems wherein micro level enhancement is the need of the time. He acknowledged that students were the reservoir of energy in every context including sustainable development.

Director of Indian Social Institute, Bengaluru, Rev. Dr Joseph Xavier SJ proposed the objectives and goals of the seminar. Rev. Fr. Dionysius Vas SJ presided over the inaugural session. He opined that Jesuit institutions have been striving hard to achieve sustainable development goals in their educational endeavours. He proposed that education should not just be career oriented but must empower, aid and strengthen individuals and through them, the society at large.

Mr Manoj Dyson Fernandes, compered the programme. Rev. Dr Praveen Martis SJ, welcomed the gathering. Dr Joyce Sabina Lobo proposed the vote of thanks.

Paper presentations for the seminar have been broadly classified as ending poverty, health, quality education, gender equity and climate concerns. The seminar had vivid and critical presentations from 19 assistant professors, students and research scholars from Bangalore, Goa, Delhi, Kolar, Udupi, Mysuru, Mangaluru and Uttara Kannada. Women presenters outnumbered men with 12 for 7. The seminar culminated with the

adoption of Plan of Action read by Rev. Dr. Joseph Xavier and valedictory on February 14, 2020 at 3.25. Dr Rita Noronha, Director of Centre for Development Studies and Education (CEDSE) gave the valedictory address stressing on the need to realise the SDGs. Rev. Fr. Vincent Pinto, the Finance Officer of St. Aloysius College Autonomous presided over the valedictory. A few students decided to share their ideas to reach out to the students who do not know about SDGs and discuss with them. The participants also committed themselves to adopt one goal and work on it. Some also planned to mitigate the excessive use of natural resources and to care for the common home, the earth.

Reported by Dr Joyce Sabina Lobo

Workshop on Development of Scientific Temper

A one day workshop on development of scientific temper was held at St Aloysius College, L H Hill road on 2 Feb 2020

A much neglected and side-lined article in the constitution of India is the article 51 ah which states that it is the duty of every citizen to develop scientific temper, spirit of inquiry and humanism. In the age of misinformation and distorted reporting of events through media and the lack of critical thinking has led to a situation where the common citizen or even the so called educated ones are in a state of mind to accept the presentations broadcast through media and other rumour mills without question. The education system is confined to training students to answer and pass examination with the highest possible marks. In this situation, the remedy lies in developing this ability among people. Since the older ones have settled in their rut due to decades of unquestioning following of practices thrust upon them through ages there is hardly any point in trying to change them. But, the younger generation who are tech savvy are the ones who have a fresh mind and hence can be brought out of the closed mind set up.

Our one day workshop was a step in that direction. In this we presented various aspects of critical thinking and also impressed upon them a lot of information which they had missed or ignored in a very interactive, entermanner. We showed them seemingly 'miraculous' items and explained the science behind them besides making themselves do it! We presented them with mind boggling experiences of sleight of hand, mind reading and magic. The latest in the field of non science is debunked through experiments. The psychology and pathology of mental diseases was clarified. The claims of charlatans who proclaimed their panaceas can heal were explained and dissected thoroughly. The latest dietary fads and promotion of so called organic were discussed. The various remedies available for redressal of such were also discussed.

The resource persons were Dr.Madhav Rao, Dr.P.V.Bhandary, Dr.Sandeep Nayak, Narendra Nayak for the technical topics and Munawar Pasha demonstrated magic. Most important resource persons were the participants who had come prepared with the questions that they had about these topics.

Reported by Dr Dinesh Nayak

Shooting Stars - National level Film Fest

he Department of Journalism, St Aloysius College (Autonomous), Mangaluru organised a National Level Film Fest "SHOOTING STARS" on 10th February 2020 in L.F. Rasquinha Hall of the College. Manvitha Kamath, Cine Actress and Alumna of St Aloysius College was the chief guest and inaugurated the programme. Dr Alwyn D'Sa, Registrar, was the Guest of Honour. Rev. Dr Praveen Martis, SJ, Principal, presided over the programme. Ms Bhavya Shetty, Co-ordinator, Angel Prathibha and Jain Richard, the student co-ordinators were on the dais.

Manvitha in her speech said, "Dreams always lead us to achieve something special in our lives. But even when

dreaming, we should think in terms of being creative and innovative. When the dream turns into reality it will be the most memorable moment in one's life," She also said, "Intellectualism and humour are the two basic raw materials for making film or working behind the camera. Intellectuals always closely monitor the society. At the same time, people who have humour inside always evaluate the society. When a person having both intellectualism and humour qualities captures the film, it gets filmed in a better way on camera. It gets success in reflecting society in his works. So film makers should always closely monitor society and incidents happening there."

Fr Praveen Martis SJ in his presidential remarks said, "There is no meaning in simply filming the society. Young film makers should make a replica of society by their works. They cannot make this by sitting inside the rooms or studios. They should go out and learn and study the society. Profession always comes secondary for a film maker or a journalist. Passion leads him to film making or related jobs of journalism industry."

Addressing the gathering, Dr Alwyn D'Sa said, "Journalists should always be the instruments and source of truth. They can change society through any mode to new mode. They can alone set guidelines for the society by their positive thinking."

During the programme, Manvitha Kamath was felicitated for her achievements as an actress.

Karen, III B.A. compered the programme. Fr Melwyn Pinto HOD, Journalism department welcomed the gathering. Angel Prathibha, rendered the vote of thanks.

National Conference on Novel Materials and Devices for Future Applications

Bio-molecules is the future of Physics - Mohammed Hussain K Rabinal, Professor of Physics, Kuvempu Uni-

versity, Dharwad. He was addressing at National Conference on 'Novel Materials and Devices for Future Applications' on 18th February 2020 organised by the Department of Physics, St Aloysius College (Autonomous), Mangaluru. He narrated the importance of the of bio molecules in electronics. The enzymes easily bind the chemical molecules, which can be tailored as per the requirement.

Dr Paul Joseph from NIT Warangal inaugurated the conference. The conference is organised by the Department of Postgraduate Studies and Research in Physics of

the College in association with the Association of Physics Teachers of Mangalore University (APTMU). Dr A. P. Radhakrishna, President of APTMU, was the guest of honour. Rev. Fr Dionysius Vaz SJ, Rector, St Aloysius College Institutions presided over the function. Rev. Dr Praveen Martis SJ, Principal delivered the message.

Dr Ronald Nazareth, Co-ordinator of Star College Scheme, Convenor of the programme, Dr Chandrashekara Shetty, Sri Lawrence Pinto, HOD of Physics and Co-convenor, Sri Kumara K. were on the dais.

Prof Lawrence Pinto welcomed the gathering. Mr Kumara K, introduced the chief guest for the audience. Dr Chandra Shekhara Shetty, Convener of the conference proposed vote of thanks.

Star Student Award Programme - 2020: Biological Sciences

The Star Student Award Programme was held on 13 February 2020 at L.F. Rasquina hall, LCRI block, St Aloysius College (Autonomous), Mangaluru, between 09.00 a.m. & 11.00 p.m. The programme was sponsored by DBT under Star College Scheme.

The chief guest of the programme was Prof. Dr Indrani Karunasagar, Director, Nitte (Deemed to be University). The programme was presided by Rev. Dr Praveen Martis SJ, Principal of the college. Dr John Edward D Silva, Directr of Xavier block, Mr Harsha Paul, Dean of Biological Sciences, Dr Ronald Nazarth, Co-ordinator of Star College Scheme were dignitaries on the dais. The programme was also attended by the distinguished guests, members of staff of various departments and the UG and PG students.

The gathering was welcomed by Mr Harsha Paul and he also introduced the chief guest of the programme. The Principal of our college expressed his happiness and he spoke on the importance of arranging such a programme. In addition, he congratulated and motivated the students for their talents.

The star students who performed well in the academic

during the year 2019-2020 were honoured by the chief guest, the Principal and the Director. The chief guest also delivered a valuable speech and she addressed the opportunities in sciences. She also congratulated and motivated the students in many ways.

The students shared their experience and benefits what they have received from the star college scheme;

Ms. Nishatt Fathima, III CMZ student said, scheme has benefitted us in many ways, the scheme emphasises newer approach towards education such as hands on training, experiments and interaction. The inter-disciplinary perspective, which is changing the face of the modern world is the highlight of the scheme. Under the star college scheme, the various departments of biological sciences have been able to promote and conduct various research projects and national seminars. It also motivated us to imbibe the attributes of eminent scientists of international reputation who are invited to the college. It encourages us to maintain our own individuality but gain knowledge and inspiration from the top notch brains all over the world". A career guidance programme on higher education and career opportunities in life sciences was conducted under the star college scheme, to highlight the various opportunities available to us students after we complete our degree. These interactions are indeed necessary for the budding brains, as it

gives us an idea of what success looks like, towards which the path is not easy and prepares us for the same. Ms. Nanditha Pramod III BcCZ said, "Star college scheme has been the backbone of our departments for

the past few years. I have attained the benefits of this scheme in many ways. The star student award is one of the best initiatives under this scheme. This award has motivated and encouraged me and my fellow-mates to work harder and excel in our studies. It has given us a platform to exhibit our potential. Star college scheme has aided our departments in installing sophisticated instruments".

Finally, Ms. Shammena K. A. proposed the vote of thanks and it was followed by key note address by the chief guest Prof. Dr Indrani Karunasagar, she focussed mainly on microbes and diseases. She spoke on the importance of microbes in genetic research, microbial faecal transplantation and its cautions. It was indeed an inspiring talk and the talk is followed by interactive session.

This programme also revealed the facility available under the star college scheme in various department of Biological Sciences.

Reported by Ms Chandrakala

New Facility @ PG-FST Dept.

Kev. Dr Praveen Martis, SJ, Principal blessed the Hunter lab colour spectrophotometer and freeze dryer equipment's that are purchased with the grants of DST-FIST for Department of Food Science and Technology.

Star Student Awards - Physical Sciences

The star student awards for physical sciences was held on 19th February,2020 at L F Rasquinha hall, LCRI block, St Aloysius College (Autonomous) between 2:30 PM & 4:30 PM. This programme was sponsored by DBT under Star college scheme.

The chief guest for the programme was Dr Anand B. Halgeri, Director, Poornaprajna Institute of Scientific Research, Bangalore. The programme was presided over by Principal of St Aloysius College, Rev.Dr Praveen Martis S J. Director of Xavier Block - Dr John Edward DSilva, Dean of Physical Sciences- Dr Prakash Kamath, Coordinator of Star College Scheme- Dr Ronald Nazareth were the dignitaries on the dais. The staff and students of UG and PG physical sciences were also present for this programme.

The gathering was welcomed by Dr Prakash Kamath, who also introduced the chief guest of the programme. The star students who performed well in academics in the year 2019-2020 were honored by the chief guest and the dignitaries present on the dais. There were about 82

students who were selected for star student awards. The chief guest Dr Anand Halgeri delivered the speech to the gathering on applications of basic sciences and also congratulated star students and motivated them to pursue higher studies. The principal of the college expressed his happiness for the students who are good at both academics as well as extracurricular activities. He also appreciated the students for their talents with powerful quotes.

The students shared their experience and the benefits they received from Star College scheme. Deeksha III B.Sc. (PCM) said "The Star College Scheme has benefited most of us in various ways. I also extend my gratitude to the dedicated staff who constantly encouraged and motivated the potential in young minds towards the project and research under this scheme. The Star college scheme has also redesigned the laboratory practicals to meet the standard of the fast paced world. The Star awards also motivated me to learn more things and aim higher."

Avinash III B.Sc. (PCM) said "The star student award that I earned today helped me to earn something beneficial from the ocean full of knowledge. Even though the scheme is from Department of Biotechnology, it has also rendered its support to various departments in conducting workshops like Physics of Toys, Endowment lectures by C.N.R. Rao, Prof. Kasthurirangan etc. These Endowment lectures inspired many of us to put forth our ideas more deep into the subjects."

Ms. Melvita Leema Baretto, the Coordinator of Star Student Awards- Physical Science proposed the vote of thanks followed by keynote address by Dr Anand B. Halgeri on the topic Recent Developments in Nano materials, their significance and applications. It was an inspiring talk followed by an interactive session. The pro-

gramme ended with college anthem from college choir and the entire programme was compered by Ms. Coleen of III B.Sc.

Report on Career Guidance program on "Higher education and career opportunities in Life sciences"

A career guidance program on "Higher education and career opportunities in Life sciences" was organized by Department of Zoology, St Aloysius College (Autonomous) on 12th February 2020 at L F Rasquinha

hall, LCRI Block of the campus. This program was sponsored by Star College Scheme, Department of Biotechnology (DBT), Government of India.

The chief guest for the program was Dr Rakesh Kumar Sharma, Vice-chancellor, Saveetha Institute of Medical and Technical Sciences, Saveetha University (deemed to be university), Chennai, who spoke on the topic Interdisciplinary career opportunities, where he emphasized on the importance of interdisciplinary approach for a better career opportunity in the present scenario. He also motivated students to be different in whatever they do, need for critical thinking and to take risk to achieve greater heights.

Prof. K R S Sambasiva Rao, Vice Chancellor of Mizoram University spoke on the topic 'Overseas career opportunities in Life Sciences' where he stressed on the need of practical knowledge and experiential learning for a better overseas career opportunity. He also gave insights about various competitive exams and scholarships available to perceive higher education abroad and find a better career opportunity.

Prof V Rajendran, Principal, Dr N G P Arts and Science College (Autonomous), Coimbatore shared the information about various 'Career Prospects in India'. He spoke on various types of professional courses available in India. He also introduced the students to various research institutes, fellowships and funding agencies available for obtaining research grants.

The program was presided by Rev Fr Dr Praveen Martis SJ, Principal, St Aloysius College. Dr Hemachandra (HOD, Dept. of Zoology), the Convener of the program

welcomed the gathering and Dr Adarsha Gowda M. H., Organizing Secretary proposed the vote of thanks. Dr Ronald Nazareth, Convener, Star College scheme was also present during the program. Over 400 students participated in the career guidance program. Students of St Aloysius College (Mangalore), NUCSER (Paneer campus, Mangalore), Canara College (Mangalore), Govt. first grade college (Mangalore), Vivekananda College (Puttur), St Philomena College (Puttur), SVS College (Bantwal) and St Aloysius PU College (Mangalore) were the beneficiaries of this program.

Eccelenza 2020

"What you get by achieving your goals is not as important as what you become by achieving your goals" - Henry David Thoreau

Eccelenza 2020 a felicitation programme for the achievers of ACCA and CIMA batch conducted by the department of commerce and management in partnership with ISDC was held on 19th of February 2020 in L.F. Rasquinha Hall, LCRI. The programme commenced with a prayer song and a welcome dance lead by the college team. Ms.

Aarti Shanbhag, the HOD of BBA department welcomed the chief Ms. Teresa Jacobs, Executive Director of Learning And Development, ISDC.

The welcome speech was followed by the speech from the chief guest Ms Teresa Jacobs. She addressed on stress, relief and achievement that one faces during this journey and how one should overcome all the challenges to achieve success. After her address she inaugurated the programme by lighting the lamp along with the other dignitaries. The inaugural was followed by the felicitation of the ACCA prize winners Ms. Richelle Lasrado and Mr. Adithya Kamath and other students who had cleared their ACCA and CIMA examination.

Later Ms Richelle Lasrado and MS Raisa Aranha spoke

about the journey of their respective professional course at St. Aloysius College. This was followed by the Presidential address by the principal Fr. Praveen Martis SJ.

A video presentation on the ACCA and CIMA journey of the past 3 years at St. Aloysius College was played.

Then a Q and A session was held with Ms. Jacobs and this was followed by a motivational talk by Mr. Hisrar Ilani, founder of Hisrar events and celebrations.

The programme concluded with the vote of thanks by Ms Pooja the co ordinator of ACCA.

Rev. Dr Praveen Martis SJ, Principal, Fr. Pradeep Antony SJ, Director of the Arrupe block, Ms Vasumathi Shetty, Market head of ISDC Mangalore, Dr.Manuel Tauro and Ms Arthi Shanbagh HOD of commerce department, Mr.Sonal Lobo co ordinator of CIMA and CA Lovel Monterio were also present for the programme

Industry Academia Interaction Series

he Department of MBA, AIMIT conducted Industry Academia Interaction series lecture on 12 February 2020.

Mr.Gerard Colaco, Certified Financial Planner, Mangalore gave Insights about "Union Budget 2020".

The session began with setting up the criteria to evaluate the Budget, the GDP (Gross Domestic Product) and deficit in the economy. Then Mr.Gerard spoke about what has happened in the annual budget. The new income tax rate and removal of exemptions, corporate tax rate, removal of Dividend declaration tax and the impact of taxing NRI. The initiatives taken up to address the gap in collection of funds to finance the projects that government has stated. The program concluded with Q&A session.

Luke Maxmillion Rasquinha Annual Basketball Match

Luke Maxmillion Rasquinha Annual Basketball match was held on 27th Feb. Nine teams participated in the tournament. NiTTe College team were the winners and St Aloysius College team was the runners up. Dr Malini Hebbar was the Chief Guest for the finals and gave away the winners trophies. Mr Lestan D'Souza was the faculty coordinator of the tournament. Thanks to Mr Max Rasquinha for sponsoring this Annual Basketball match.

Social Extension Program

The students of M.A Economics visited Animal care trust in Shakthinagar on 28th February, 2020 as a part of social extension program. They had a wonderful experience visiting this animal farm.

Reported by Mr Alen Joshy

Country is facing serious crisis at different levels: P Sainath

V eteran journalist P. Sainath has said that the nation is in a crisis. And this crisis is not limited to just the rural area. It has become a national crisis at various areas such as agriculture, education, economy, job creation etc.

He was delivering the endowment lecture on the topic Indian democracy at the post liberalisation and post

truth era' at Media Manthan 2020 organised by the PG department of journalism and mass communication at St Aloysius College (Autonomous).

Mr Sainath said that the many policies adopted in the 90s led to India becoming unusually unequal. Referring to the speech Ambedkar had made at the Constituent Assembly while handing over the draft of the Constitution, Mr Sainath said, "Ambedkar had warned about the weakness of Indian democracy that liberty without equality allows the supremacy of a few over the multitude. Liberty, equality and fraternity must be kept together as we cannot have one without the other."

Mr Sainath stated that the agrarian crisis was no longer about the loss of productivity, employment or about farmer suicide; it was a societal, civilisational crisis. Commenting on the lopsided policies such as cowslaughter ban, he explained how cow slaughter ban had adversely affected many industries due to their interdependency. While Muslims who slaughtered cows were rendered helpless, the cattle traders who were mostly OBCs lost their earnings as the cattle prices crashed. An important industry like Kolhapur sandals industry in

Maharashtra went bankrupt as a result of the cow slaughter ban in Maharashtra. He said the policy makers had no idea how the rural industries were interconnected. Demonetisation too devastated the rural economy as 98 per cent of rural transactions happen through cash.

Mr Sainath also spoke about the crisis of inequality which affects the dailts and the adivasis far more than anyone else as 90 per cent of the rural households take home less than Rs 10,000/- per month. "Women are yet another group whose labour is never counted in the gross domestic product. Women and girls globally do unpaid work which amounts to about 12.5 billion working hours per year. Monetarily speaking, this is worth 10.8 trillion dollars," Mr Sainath added.

Speaking about the crisis of jobs Mr Sainath said that major companies were laying off employees just to create more profits for the investors and the adopting of artificial intelligence in the industry would further destroy millions of jobs.

Rector of St Aloysius College Institutions Fr Dionysius Vaz SJ, Principal Dr (Fr) Praveen Martis SJ, HOD of Journalism and Mass Communication department Dr (Fr) Melwyn Pinto SJ were present.

Reported by Rev. Dr Melwyn S Pinto SJ

Alva's College victorious in Media Manthan 2020

Alva's College won the overall championship in Media Manthan 2020, the media fest, organised by the PG department of Journalism and Mass Communication, St

Aloysius College (Autonomous).

The tenth edition of the two day fest saw the presence of senior journalist P. Sainath, who besides delivering an endowment lecture on the first day, conducted a workshop on the People's Archive of Rural India (PARI) project.

Popular radio jockey RJ Arpith was the chief guest at the valedictory. In his address, Mr Arpith said that the present day students

have a lot more opportunities and possibilities that students some years back lacked. However, it is important to make the best use of all those opportunities to add value to all the work students do, especially in the digital platforms, he said.

Registrar of the College Dr Alwyn D'Sa presided over the function. St Aloysius College students were the runners up.

Campus Bird Count-35 bird species sighted in SAC Campus

Campus bird count (CBC) is a sub-event of the larger Great Backyard Bird Count' (GBBC), organized by Bird

Count India in collaboration with eBIRD every year since 2015. This is an effort to document the bird life in various campuses across India. This year 252 campuses took part in this mega birding event.

St Aloysius College, a 140 year old campus is situated at the center of Mangaluru city and is spread over 37 acres. The campus took part in this event for the second consecutive year. The event was organized by Department of Zoology. The campus bird count team was led by Dr. Vineeth Kumar K., Assistant Professor, Department of Zoology in active presence of all the staff members and Dr Hemachandra, Head of the Department of Zoology. About 45 students from various UG Science, Arts and Commerce departments of the college actively participated in the bird count.

Four days (14th to 17th February) of birding event concluded with recording of 35 species of birds. The common most birds of the campus include Black kite, Brahminy Kite, Feral Pigeons, Chestnut-tailed Starlings, Asian Koels and White-cheeked barbet. Total of 6 migratory bird species were reported from this campus which includes Blyth's reed warbler, Green Warbler, Large billed leaf warbler, Indian paradise flycatcher, Blue-tailed bee-eater and Ashy Drongo.

The campus being in the midst of a crowded coastal city is home to several bird species, which is a rare and inter-

esting observation. This emphasizes the importance of green patches in an urbanized area. Campus has several small green patches with large woody trees which act as sheltering grounds, additionally there are many flowering and fruiting plants in the campus which attracts many birds as they provide food to these birds. There are hundreds of Black kites seen perched on top of various buildings in the campus. Calls of Asian Koels and

White-cheeked barbets can be heard throughout the day. Flocks of hundreds of Chestnut-tailed starlings flying around the campus is a blissful sight to cherish.

Such bird counts done for several years will give an understanding of how the bird populations are changing with time. Bird-watching is a best way to spend our leisure time and anyone can practice this hobby irrespective of their age, occupation and place. Watching birds can bring joy to our minds and be a good stress reliever. With continuous practice bird watching becomes integral part of a birdwatchers life.

Last time the team had reported 38 species of birds, however this year the number has reduced to 35. Restricted number of days for the bird count and changing weather patterns could have influenced the species numbers.

Reported by Dr Vineeth Kumar K.

Session on Overseas Education

The programme started with the welcome speech by Lenita Odtha with the brief introduction about IDP Mangaluru. Mr.Manoj Gosavi, Branch Manager of IDP

Mangaluru in his session focussed on the scope for overseas education in current scenario. He explained IDP's role in providing assistance to the students in their study aboard plans. Students participated enthusiastically to elucidate their doubts and other misconceptions about the overseas education. Soon after the question—answer session representatives from State Bank of India who reached along with the IDP Group interacted with the students regarding the financial support, which the institution is offering for overseas education. The programme organised was edifying and enlightening for the students as they are in the final semester of the post graduate education. HR Forum president Nipin J proposed vote of thanks. Coordinator of the programme Dr Vidya Vinutha Dsouza was present for the event.

Sangam - 2020

On 6th February, 2020 SANGAM, interdepartmental cultural extravaganza of PG students was organized in St Aloysius College (Autonomous) Mangaluru. Sangam is a spectacular celebration which marks the assemblage of budding talents with the view to enhance their social skills and creative skills there by contributing to the integral development of the students. SANGAM-2020 was

conducted in two stages. Sports events and non sports events were conducted from 23rd January 2020 to 3rd February 2020 which included a variety of competitions like Debate, Creative Writing, Collage, Quiz, Rangoli, Photography, Wealth out of waste, Folk Dance, Group Singing and Sports Events. The variety entertainment programme of different departments were held on 6th February 2020. The event was whole day long and was held in the Mother Teresa Peace Park. Mr Walter D'Souza, Leading Exporter and Former Chairman of Cashew Export Promotion Council of India and Federation of Indian Export Organizations was the Chief Guest of the programme. The Chief Guest of the event addressed the participants and expressed his opinion that students need to develop their personality through extracurricular activities so that they are ready for working in the ever demanding corporate world. He also wished the organisers a grand success. The ceremony was inaugurated by untying the Gift box, unveiling the Sangam Logo and Tropies. The Presidential address was delivered by Rev. Fr Dionysius Vaz SJ, Rector St Aloysius College Institutions. Ms Niveditha- Coordinator Sangam

2020 welcomed the gathering. MsCrystal Vivita Menezes - Student Coordinator Sangam 2020 introduced the Chief Guest. Rev. Dr Praveen Martis SJ delivered a thought-provoking message. Dr Richard Gonsalves-Director of LCRI Block, Dr Loveena Lobo-Director of Maffei Block, Dr Sajimon Dean of PG Studies and Ms Sheetal Student Coordinator Sangam 2020 were present on the occasion. Mr Ashok Kumar C Asst. Coordinator

Sangam 2020 proposed the vote of thanks.

Following the formal programme, variety entertainment competition for various PG departments was held. The judges for all the events were eminent personalities in the field of Art and Culture. Department of English bagged the first place in Variety entertainment. Department of Chemistry and Department of Journalism and Mass Communication were the first and second runners up of variety entertainment programme. The overall championship was bagged by the Department of M.Com (General). The first runners up were Department of Mathematics and Second runners up were the Department of Chemistry and English. Winners of the competitions were awarded certificates and trophies. The programme was a grand success with huge participation from various departments.

Sanjeevini

SANJEEVINI, the annual Blood Donation camp in collaboration with RED CROSS Society was held at AIMIT, St Aloysius College (Autonomous) on 5th Feb., 2020. Dr Sharath Kumar Rao, Blood Bank Medical Officer and senior specialist at Wenlock District Hospital, Mangalore, was the Chief Guest for the inaugural. He spoke to

students about the benefits and necessity of blood donation and requested as many students to come forward to donate blood and save lives. Quoting Swami Vivekananda he said that we should keep Three H's - Head , Heart and Hand-symbols for Thinking, Feeling and Work in our minds and reach out to people in need. He also regretted that medical service and become a medical business and that students of Management should work towards making medical service ethical and affordable and thus reach out to the needy and the poor.

Fr Denzil Lobo SJ, Director, AIMIT in his presidential remarks mentioned how blood transfusion has saved the lives of many and requested as many to donate blood and save lives. Mr Lestan D'Souza, the faculty coordinator of SANJEEIVINI welcomed the gathering and Ms Carol proposed the vote of thanks. There was a video clip prepared by students to highlight the benefits of blood donation, after which all the students moved to the venue of blood donation. Dr Rowena Wright, Dean (Academics), MBA department was present.

The blood donation camp was preceded by a STREET PLAY with mime enacted by students at Beeri and Thokattu on 3rd Feb. to highlight the benefits of blood donation to the public of Ullal and Beeri.

National level intercollegiate fest - Analyst 2020

The inauguration of "ANALYST-2K20" a one-day National Level Intercollegiate Chemistry Fest was held on 20th of February, 2020 in the LF Rasquinha Auditorium, which was organized by the Department of Postgraduate Studies and Research in Chemistry of St Aloysius College, Mangaluru. Eminent Scientist, Dr Anand B. Halge-

ri was the Chief Guest. Principal, Rev. Dr Praveen Martis SJ presided over the programme. Ms Preema Cealla Pais—the convener of the programme welcomed the gathering, Ms Apoorva, the student co-coordinator introduced the chief Guest. Dr Richard Gonsalves the Director of LCRI Block, Dr Ronald Nazareth the Head of PG Department of Chemistry also were present on the dais.

The Fest was inaugurated by the Chief Guest Dr Anand B. Halgeri, by unveiling the newly designed Analyst logo. Dr. Halgeri is currently working as the Director of Poornaprajna Institute of Scientific Research, Bengaluru and coordinating the entire research activity in Catalysis/ Materials Science & Biological sciences. His area of interest includes Nano catalysis, Heterogeneous catalysis, mesoporous materials, novel Zeolites, Solid Acid/ Base Catalysts, Industrial Refinery/petrochemical processes, adsorption, Eco-friendly processes, and Biodiesel/ Biofuel, alternate energy feed stocks etc. He has taken several industrial research projects both from India and abroad in the area of Zeolite Catalysis and Materials Science.

In his inaugural address he focused on the contribution of catalytic fields and polymer science to mankind. The evolution of research from the urea synthesis using iron

as catalyst to synthetic rubber has proven to be major contributions to science. He also urged the need to promote innovation among the young minds to bring about research in the trending fields of science and technology such as polymer chemistry, MOF's, 3D Printing and so

on. In his Key note address, he focused on the extensive use of catalysts in Petrochemical industry. He said catalysts have played a major role in development of chemical industries in 20th century. Use of microporous materials especially zeolites have been very much useful in industrial process. The use of polymer catalysts has been a boon in polymerization that is specially used in the manufacture of plastics. The gift of p-xylene, a petrochemical product has made our lives easier and research interesting.

The programme was presided over by Rev. Dr Praveen Martis SJ, the Principal of St Aloysius College (Autonomous). He addressed the gathering saying that the contribution of Haber and Bosch process serves as the milestone in Chemistry and is a real motivation to the young budding scientists.

He expressed that this programme would serve as a platform to learn more rather than what is taught in the classrooms. He expressed his wish saying that in the near future this kind of a programme could contribute immensely towards interdisciplinary research. He also gave a call to work on the inventions of science and encouraged the participants to take up research by exemplifying the motivational journey of great Scientist Michael Faraday.

Meritorious students of the department of Chemistry were honoured during the programme.

Ms. Crystal Vivita Menezes, Department of PG Chemistry compered the programme. Ms Preema Cealla Pais welcomed the gathering. Ms Premie Fernandes, assistant student co-coordinator proposed the vote of thanks.

Reported by Ms Preema Cealla Pais

Union Budget 2020

he Department of Economics organised an analysis of union budget 2020 by Mr Norbert M Shenoy, Managing Director, Arunanjali Securities, Mangaluru and an

eminent financial advisor on February 3, 2020 at 3 PM in Eric Mathias Hall. Mr Shenoy made a critical analysis and comparative study of budget and explained it in simple terms so that all the students can understand how the changes in the budget is going to affect the people of different income groups in the country. Around 250 students of B.A, B.Sc, B.Com actively participated in the interactive session on union budget 2020.

Reported by Mr Alwyn Misquith

Manasa Manthana- A National Level Paper Presentation And Business Plan Contest

he inaugural function of Manasa Manthana 2020- A National Level Paper Presentation and Business Plan Contest on Sustainable Rural Development organized by the Post Graduate Department of Business Administration, St Aloysius College (Autonomous), AIMIT, was held on 25th February 2020.

The inaugural function began with a prayer song by the college choir followed by the lighting of the lamp by the dignitaries and the unveiling of the trophies. Ms Jenifer D'Sa introduced the guests and welcomed the gathering. The dignitaries present on the dais were Rev. Fr Denzil Lobo, S.J., the Director of AIMIT, who presided over the

function, Mrs. Pratibha Shetty, the Chief Guest, Dr. Rowena Wright the Dean of MBA department, and Ms Sumitha Achar the Staff convener of Manasa Manthana 2020, Ms. Jenifer D'Sa and Mr. Len Fernandes were the student coordinators of the same.

The key note address was delivered by the Chief Guest Mrs. Pratibha Shetty. Mrs. Shetty an alumnus of AIMIT, spoke of "Ram Rajya" eulogized by Mahatma Gandhiji. She explained the same saying Ram is the inner voice in each one of us and rajya is the society outside us. She also talked about Sustainable Rural Development which is the theme of Manasa Manthana 2020. She ended her key note address equating our life with a pilot guiding an airplane. There is taking off and landing and there are different moods and conditions for a pilot to guide it through before he takes the plane to its destination safely. He has to make right decisions while piloting the plane. So also in our lives we have many situations and moods between our birth and death. The choices are ours to make right decisions for a better future for ourselves and the development of the nation.

In his presidential address Rev. Fr. Denzil Lobo, S.J., stressed upon the importance of rural development not excluding the sustainability aspect of it. He talked about the masses living in rural areas of Karnataka and the country who require viable models of sustainable development. He cited the example of Sehgal Foundation which extended its support to develop the rural areas of Haryana. Drawing inspiration from Sehgal foundation, Fr. Denzil listed four aspects for the sustainable development namely Community based Development, Conscientisation of people, developing of critical masses within the rural population and the Good Governance Now (GGN) model. He concluded his address by inviting the students to be part of the churning of minds here and contribute to the development of the nation.

Ms Sumitha Achar gave a bird's - eye view of the contest stressing upon requirement of active participation in the churning of minds. Mr. Len Fernandes proposed the vote of thanks.

The inaugural function ended with the college anthem.

Activities of Centre for Social Concern

Visit to care & support centers:

Centre for Social Concern organized visit and work at different care & support centres, for the first year degree students, as a part of SAHAYA. These exposures were conducted from 1st February to 29th February 2020. A total of 1063 Students from various departments visited these centers such as, Little Sister's Poor Home Maroli, Infant Jesus Orphanage Konchady, Samvedana Care Home for Children Maroli, Snehalaya Psycho Social Rehabilitation Centre Manieshwara, Seon Ashrama Uiire, Olavinahalli Old Age Home Ucchila, Mount Rosary Institutions Moodbidri, Link De-Addiction Centre Bajal, TELOCA Addiction Recovery Centre Ullal and Paschim Rehab Centre Someshwara. Students were active in interacting with the inmates, conducting recreational activities and providing voluntary services in these institutions. Ms Jyothi, Dr Narayana Moolya, Mr Shawn, Ms

Amrutha, Mr Rakesh, Mr Lawrence Pinto, Dr Santhosh Goveas, Ms Renita, Ms Sonal, Ms Priya from B.Sc department, Ms Disharag, Ms Maria Shaila, Dr Shalini, Mr Alwyn Misquith, Ms Bhavya, Mr Dhiraj Sequeira, Dr Norbert Lobo from BA department, Ms Jeshma and Ms Archana from BCA department accompanied the students.

Study about various plants, clean drive and work in Forest Nursery Padil:

In order to raise the saplings for the present and upcoming generation, on 12th January 2020 Centre for Social Concern organized clean drive and work in forest nursery at Padil, in collaboration with Forest Department and the help of environmental activist Mr. Jeeth Milan

Roche. Programme started with orientation on activities about forest nursery and recruitment, later it continued with bagging, re-bagging and weeding, in which 50 SA-HAAYA students from B.Com department actively participated.

Clean drive initiative at Thannirbaavi beach:

It is necessary to keep our beaches clean if we hope to keep our oceans clean. The sand and surf is far more than a place to build sand castles and take a dive.

Beaches are home to various creatures from sea lions to sea turtles. Many animals depend on land to survive. In order to this Centre for Social Concern organized a clean drive initiative on 2nd and 8th February 2020 as a part of SAHAYA exposure, at Tannirbaavi beach. 100 students from BA streams participated in this exposure. Students along with staff collected the plastic waste in Sacks and handed over to the beach in charge. Mr Manual, Ms Shruthi from BA department, Ms Prafulla and Ms Vanaja from BCA department accompanied and guided the students.

Check dam making at Andinje, Venuru:

Check dams are typically, though not always, implemented in a system of several dams situated at regular intervals across the area of interest. A check dam is a

small, sometimes temporary, <u>dam</u> constructed across a <u>swale</u>, <u>drainage ditch</u>, or waterway to counteract <u>erosion</u> by reducing water flow velocity. Check dams themselves are not a type of new technology; rather, they are an ancient technique dating from the second century A.D. Centre for Social Concern in collaboration with Andinje Grama Panchayath mobilized students to make a check dam on 08th February 2020, it was also to

mark the Republic day. Around 120 students from different departments along with villagers, Government officials made this project successful. Ms Gopika, Ms Philomena, MrRathnakar, Ms Shilpa, Ms Shobha guided and accompanied the students.

Activities of Centre for Social Concern

Clean drive and watering the plants at Nandigudda and Cassia graveyard:

On 1st January to 31st January 2020, 300 students from different departments participated in clean drive and watering the plants at Nandigudda and Cassia grave-

yards. Students cleaned both the graveyards and watered the plants that were planted during the rainy season. Students have found the following stuffs: Liquor bottles – 122, Water and soft drink bottles-86, Chappals and shoes, Tetra packs, Glasses, Cement bags, waste pots, Cloth, paint boxes, Tobacco packs, Medicines, plastics bags, Bulbs and tire. Mr Jeeth Roche, Environmental activist took part in the program. Ms Shwetha, Mr Santhosh Notagr, Ms Archana, Ms Jeshma, Ms Philomena and Ms K Gopika Coordinator of CSC guided and accompanied the students.

Preparation, volunteering and participation in State level Environmental Summit at Thannirbaavi Tree Park:

The second Parisara Sammelana, organized under the aegis of National Environment Care Federation (NECF). has urged the government to take initiative to protect the environment and safeguard the forests and wildlife as envisioned in the Article 48A of constitution. The convention was held at the Tree Park on Thannirbavi Beach on 1st March 2020. 'Indigenous trees' Padma Shri award winner Tulsi Gowda said that there was a need to plant fruit-bearing trees that were indigenous to the Western

Ghats instead of acacia. Padma Shri awardee and Halakki tribal folk singer Sukri Bommagowda and activist Diyego Bastyav Siddi also spoke. 60 students from B.Sc and BA department have taken part in preparation for the event and also volunteered on the particular day. 3 students from B.Sc department read the case related to the environment while court session took part. Mr Kiran Vati, Dr Vineeth, Ms Rachana, Ms Shilpa from B.Sc department accompanied the students.

World Cancer Day

Janara Organization for Development & Peace® Mangaluru and Caritas India, in collaboration with Dr BR & CR Shetty Foundation, St. Aloysius College, Indian Cancer Society, and Fr Muller Medical College Hospital jointly observed World Cancer Day on 4th February 2020 at Mother Theresa Peace Park, St Aloysius College, Mangaluru.

The theme of the program was "I AM and I WILL". The theme seeks to counter the negative attitude and fatalistic belief that nothing can be done about cancer, and instead promotes how our personal actions can be powerful and impactful.

The program began with a prayer song lead by MSW students of St Aloysius College. Fr Oswald Monteiro, Director of CODP welcomed the dignitaries and the participants. The dignitaries were handed over with Aloe Vera saplings as memento. He also addressed the gathering by giving information about Sparsha-Campaign against Cancer.

Dr Shwetha Rasquinha, HoD of MSW Department St Aloysius College gave a meaningful message on the importance of early detection and how social workers could contribute to the society by organizing awareness. Dr

Loveena Lobo, Director of MSW Dept. in St Aloysius College, gave a motivational message on World Cancer Day and appreciated the initiative taken by CODP to conduct programs on cancer. Ms Jesel Dsouza and Ms Harina J Rao, Cancer survivors, shared their testimony.

Dr Sheeba from Radiotherapy Department of Fr Muller Hospital being the resource person explained the types, causes and effects of Cancer. She stated that consumption of alcohol and tobacco will have lot of impact on health and increases the risk for cancer. She also stressed upon the various government schemes available for people who are below poverty line to treat cancer. She concluded her talk by giving an important message i.e., through healthy life style we can beat Cancer. Street play was performed by students of Department of Community Medicine, Fr.Mullers Medical College Hospital. The play conveyed a very meaningful message to the spectators and concluded by taking an Oath.

Ms Nafisa and Mr Vivian, MSW students of St Aloysius College compeered the program. Ms Shilpa Dsouza, Coordinator of Sparsha, proposed the vote of thanks. 205 members participated in the program.

National Science Day

ational Science Day was celebrated at St Aloysius Institute of Management & Information Technology (AIMIT) (Autonomous), Beeri, on February 28 in association with MHRD'S Institution Innovation Council (IIC) and Entrepreneurship Cell of AIMIT. The day is special as we commemorate 28th February 2020 in the loving

memory of creative mind par excellence Sir Chandrasekhara Venkata Raman, famously known as Sir C V Raman. The day is known for one of the greatest Innovation and scientific achievement of India, Raman Effect, discovered by Sir CV Raman, who won the Nobel Prize in 1930. The programme was formally inaugurated at Management Development Center of AIMIT.

The event began by invoking god's blessings through a prayer song led by the college choir. The Chief guest was Dr Anirban Chakraborty, well-known Cancer Biologist and deputy director, Nitte University Centre for Science Education and Research (NUCSER), Paneer. The chief

guest along with the other dignitaries Prof Santosh Rebello Dean of Information Technology, Laveena Crasta HOD of Big Data Analytics, Dr S Ruban HOD of Software Technology formally inaugurated the event by lighting the lamp. Prof Santosh Rebello, dean of the Department of Information Technology, welcomed the gathering. He said, we are celebrating India's Scientific and Technological developments have to be celebrated. He highlighted the need for connecting the Research Laboratories with the society and to reminded the slogan 'Jai Jawan, Jai Kisan, Jai Vigyan'. He highlighted the government support specially from the Ministry of Science Technology government of India, and government of Karnataka in promoting Research and Innovation.

Safa gave a brief introduction of the chief guest Dr Anirban Chakraborty, who in his inaugural address upheld the concept of Science for man and man for Science. He spoke about the scientific discoveries and advancements which come from research. He has highlighted the need for Research and Innovation in the thrust areas such as Science for Environment, Science for Development and Science for Society. He has emphasized the need for more spending for Science Education, Research and Innovation in Key areas. He batted for the availability of Technology for less cost to the common man, in view of that he has highlighted three major Research Projects in Cancer Biology Executed by NUCSER and other Research projects. He stressed for the need for Inter disciplinary Research Such as Life Science — Bioinformatics — Big Data Analytics to get the results in a faster pace.

The panel discussion session began at 11.45am. The experts were Dr Shashi Kiran Nivas, head research in Applied Biotechnology Lab of St Aloysius College; Dr T P M Pakkala, former professor and dean of Science Faculty, Mangalore University, Dr Hari Kishore Bhat, Asso. Professor and Science and Research Ethics Practitioner from Yenepoya University Mangaluru. They spoke about their respective work in the research field. Dr Shashi Kiran spoke about the invitro fertilization and the advancements in the field of biotechnology. Dr T P M Pakkala upheld the concept of random sampling which plays a major role in Statistical and Big Data Analytics. Dr Hari Kishore stressed on Ethics which says about which is the right thing to do, which was followed by a QA session. The National Science Day Celebrations continued with several competitions held from February 28 to March 8.

Guest Talk by Dr Sripathy Kalluraya

Guest talk and felicitation: On February 7, 2020 Dr Sripathy Kalluraya, finance officer of Mangalore University has delivered a guest talk on the topic 'Indian Economy: The Fear of Recession'. Students had a very enriching

session with a broad understanding about the current status of the economy. The superannuating professor was also given a felicitation by the PG Dept. of Economics.
