Ranga Adyana kendra

The College has been promoting theatre and performing arts right from its inception. Students have been trained by theatre enthusiasts and the staff to perform full length plays, dances and other performing arts forms in the past. Several accolades and prizes have donned the College in the Inter-collegiate drama competitions at the regional, state and national levels. Continuing the tradition, the College is convinced that there is a need to create a formal platform for training and performance of theatre arts. Keeping in mind one of the basic objectives envisaged in the vision and mission of the College to provide holistic and overall development of students' personality, the College proposes the "St Aloysius Ranga Adhyayana Kendra." We believe that theatre is a powerful medium of inculcating critical

thinking and promoting social change. Hence sporadic theatre events would not suffice to reach our vision; we have realized that a series and continual theatre activities will definitely add value to our curriculum. Presently, the theatre activities are restricted to only the regular programmes of the "Nataka Sangha" as a part of extra-curricular association. We would like to create a structured unit called the "St Aloysius Ranga Adhyayana Kendra" which is the need of the hour.

AIMS & OBJECTIVES: 1. Promote productions and direction of plays as well as facilitating performances by professional theatre troupes from the regional and national levels 2. Organize regular seminars, workshops and dialogues on Fine and Performing Arts. 3. Continuous training on the various nuances of theatre/acting 4. Organize regular Inter-Collegiate theatre competitions 5. Design and offer Certificate/diploma programmes in theatre/Yakshagana and other performing art forms 6. Collaborate with other amateur/professional institutional and other troupes and produce plays for the public of Mangaluru 7. Promote student street play groups in the College for regular performances in the campus, city and the district. 8. Organize a Mega Theatre Festival as an annual event - a confluence of the amateur and professional theatre

groups in the coastal districts and beyond. 9. Enhance the connect of the College with the surroundings through theatre activities 10. Imbibe social sensitivity and responsibility among students and form them into progressive citizens

INITIAL PLAN OF ACTION: 1.

Appointing a Coordinator with adequate credentials/experience in the field of Theatre arts. 2.

Providing exclusive physical space in the infrastructure for training students. 3. Procuring state of the art stage craft, props and costumes, lighting, sound system. 4. Appointing full/part time trainers in

theatre 5. Designing a Semester-wise calendar/schedule for theatre activities 6. Mapping the student talents and

identifying students with theatre experience/with passion for learning performing arts 7. Creating facilities for recording/editing performances

8. Identifying a team of staff with a passion for theatre to motivate and promote students into theatre 9. Facilitate MoUs/agreements with other institutions for collaborations in this regard. 10. To start Theatre Diploma Certificate course 11. To organize online Talamaddale It is planned to hold a three day theatre fest (by professional external troupes) during the first week of every month and performance of one play by the College troupe in the last week of these months.

<p>Aloysious Prakashana- Publishing House</p>	<p>In keeping with the vision and mission, St Aloysius College (Autonomous), managed by Mangalore Jesuit education Society, establishes the St Aloysius Prakashana—a separate entity to promote a culture of research and dissemination of findings to a wider audience. St Aloysius Prakashana will act as a springboard for those venturing into the publishing field particularly from this coastal region and in general the public.</p>
<p>Centre of Environmental Concern</p>	<p>COP26 will mark a crucial moment in the fight against climate change. But as the world prepares to draw their eyes to the historic climate summit in Glasgow. St Aloysius college makes an attempt to integrate the core objectives of COP26 and to be torchbearer in the society. The following are the new initiatives undertaken by the College through Centre For Environmental Concern Cell in light of COP26. College has Installed 605 KW Rooftop Solar Power Plant across its 04 campuses. The Solar Roof Top Plant has a capacity of generating 40000 or more units per month, which makes St</p>

Aloysius College to achieve Self-dependence on power requirement, stable and reliable power without fluctuations and also contribution to the grid when excess units are generated. A total of 1300 highly efficient Mono perc silicon modules are used. The 605 KJW solar plant is spread across 2600 sq. meters of rooftop area using PV modules effectively reducing heat penetration through metal sheets. Solar Edge inverter plus power optimizers which boast a maximum efficiency of 99.5 percent have been used. They are more efficient than normal string inverters because they avoid loss of power caused by individual panel shading or malfunctioning. In continuation with this 'Green Act' of commissioning large solar power plants. College is offering a 3-year Degree Course in 'Renewable Energy Management' from the academic year 2021-22.
